

Youth Tech Bootcamp and employability skills

Great way to learn essential in-demand business and tech skills with industry recognized Instructors. Hear from our guest speakers what's in demand and get the latest tech and business updates. This program is ideal for students interested in technology, business, and many other related fields! This program will help students gain an advantage in college and internships as you will learn all the skills employers will be looking for. It will prepare you for number of employment opportunities such as technical support, helpdesk or IT support and many with starting pay of \$15-18/hr. This Bootcamp will take place live online over a three-week span for three hours a day.

Microsoft Office 365

Intended to be an entry into Microsoft's 365 offering. Gain a foundation of Excel, Word, Outlook, One Drive, Teams. This is essential for those looking to get started in IT, and specifically those looking to get started working with Microsoft 365 environments. (\$1,975)

Cloud fundamentals

Cloud computing technology allows people to use the digital resources stored in the virtual space by way of networks – often satellite networks. It allows people to share information and applications across the internet without being the restriction of their physical location. What is cloud computing? Learn Microsoft Azure fundamentals and obtain industry certification.

Cloud Foundation Classes	Days of Training	Price
AZ-900: Microsoft Azure Fundamentals	1	\$595
DP-900: Microsoft Azure <u>Data</u> Fundamentals	1	\$595
MS-900: Microsoft 365 Fundamentals	1	\$595

Dual Certification - CompTIA IT Fundamentals and CompTIA A+

CompTIA IT Fundamentals (ITF+) is the industry standard for an introduction to basic IT knowledge and skills. CompTIA ITF+ establishes an IT education framework for students in middle school and high school and for career changers looking to get into IT. CompTIA ITF+ is the only pre-career certification that helps students or career changers determine if they have a competency for information technology and if it is the right career path for them. (\$2,495)

CompTIA A+ will either help you get your start in IT or help you get promoted in your current job. It is the industry standard for establishing a career in IT and is the preferred qualifying credential for technical support and IT operational roles. (\$2,495)

IT pros with CompTIA A+ have jobs like IT support specialist, IT field service technician, desktop support analyst and help desk tier 2 support. And, companies like Intel, Dell, Ricoh, Nissan, Blue Cross and Blue Shield and HP all look for CompTIA A+ certification when hiring.

Employability skills

Students will learn how to create a resume, how to interview, create a LinkedIn profile, navigate many sites that offer employment and job postings. Hear from our guest speakers and learn what is relevant and in-demand in Tampa Bay area.

Instructors

Students will learn from our top Instructors that have been industry recognized for their commitment to excellence and outstanding classroom experience.
